Re: Pinal County Superior Court Order dated July 3, 2008

Dear Inmate Tripati:

This letter is to inform you that the Pinal County Superior Court has determined that you have funds available in which to pay your legal fees. This includes legal copying, notaries, postage and supplies. Based upon the order and advice of the Attorney General's Office, it has been determined that before you are provided with any legal copies, notary services, postage or supplies that you be required to pay in advance for those items. This requirement to pay in advance will apply to all of your current and any future lawsuits.

Inmate banking has been consulted regarding this issue, and has established a procedure that will allow you to have money sent in to be used for your legal work. Money received for the purpose of paying legal fees will not be used to pay toward the \$73,671.41 that you currently owe the State for past legal fees but will go toward any current and future costs.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles L. Ryan".

MEMORANDUM

To: Sam Sublett, Deputy Director  
From: Regina Martinez, Associate Deputy Warden  
Date: May 8, 2006  
Subject: Inmate Tripati #102081

ADW Romwebber of Barchey Unit spoke to D.W. Arnold; CO IV Tucker and CO III Bullock regarding this inmate. She informed them Legal Access Monitor Johnson; Asst. Atty. Gen. Brodsky and Carter want inmate to be denied legal access and Cook Unit would be the ideal place for this.

Upon her request staff seized and destroyed inmate's property. We have also restricted inmate's legal mail; legal calls; legal copies and special visits.

Mr. Johnson and Carter spoke to CO III Bullock and upon their request she altered the property documents. We have shut the inmate out of the grievance process.

Librarian Ruboyanes did not intend to harm the inmate when he made statements to other inmates. He however should have known better.

Legal Access Monitor Johnson and Attorney General Assistants Brodsky and as well as Carter are calling unit staff to take actions against this inmate. Staff act upon requests they make. They do not make similar requests for action against other inmates.

Re: My Client: ANANT KUMAR TRIPATI, A.D.C.# 102081

Dear Director Sonberg:

Following a recent determination that original records of the ADOC were missing from the file of my client, on or about December 30, 2008, Deputy Warden Armando Agullar, by Memo, stated that copies of documents provided by my client, "shall be considered valid."

FHA, Gene Greeley, determined that original medical records were missing.

My client previously filed motions in CIV 99 - 20757; CIV 2005 - 11562; CIV 2002 - 15874; CA CV 03 - 0435; etc.

On or about February 24, 2009, my client gave to paralegal, Barbara French, two motions based on these documents, to be filed in the Arizona Supreme Court.

Paralegal French then called Daryl Johnson who then called Michael Brodsky, to stop the filing. It is clear she wanted to protect Daryl Johnson.

You may recollect that these documents clearly show both Daryl Johnson and the Arizona Attorney General' staff contacting ADOC staff to change the contents of documents previously authored by them.

Upon receiving the call referred to above from Paralegal Barbara French, you did exactly what these documents say the Modus Operandi of Daryl Johnson and the Arizona Attorney Generals office is. That is, you wrote a Memo stating that the documents are false.

In this connection, there are a few questions, the following of which I would appreciate a response to:

- 1) What happened to the original files?
- 2) By stating that the documents were false, are you effectively stating that the Director delegates authority to employees without properly screening them to ensure they are qualified?
- 3) Does your grievance staff investigate grievances properly?
- 4) Are your Deputy Warden's FHA's adequately trained?
- 5) Is it policy for ADOC paralegals to contact ADOC employees and to inform them about claims inmates are presenting to the courts so as to give the ADOC the opportunity to do whatever it takes to defeat the claims? Too many inmates have alleged such extreme violations. This activity cannot continue without investigation, correction and incarceration of those who perpetuated such crimes.
- 6) As displayed by Barbara French, are ADOC paralegals required to represent the interest of the ADOC and not the interest of the inmate whom they assist?
- 7) How can your Department destroy the original files and then as now, contend that the reconstructed files are false, especially when the reconstructed records have been found to be valid by both the Grievance Coordinator and the Deputy Warden?

I have advised my client to pursue all available judicial and non-judicial remedies against you, Daryl Johnson, Barbara French and others. It is my firm belief that, at this time, you already are doing all that is possible to cover up for Daryl Johnson and for others.

It appears that when ADOC employees, Deputy Warden's, and other's for the ADOC arrive at a decision in writing that adversely affects central office staff, the ADOC executive staff takes similar action to the action you have taken to similarly protect central office staff.

In his September 2, 2008 Memo, Daryl Johnson stated that "your assistance in this matter will be duly rewarded."

Between May 1, 2008 and December 31, 2008, Daryl Johnson sent E-mails to CO-3, Barbara Aames twice, that is, on two occasions, to prevent my client from corresponding with me via "Legal Mail" and to prevent my client from making legal copies.

We emphasize, that this is the same Daryl Johnson who previously had CO-3, Dianne Bullock, alter ADOC records which your office referred to as "amended" when this fraudulent court document alteration was discovered by my client (A14 - 024 - 006).

Lastly, the records were destroyed after Daryl Johnson's memo.

I am certain that the property Officers in the Mohave Unit will confirm that they sent three (3) large files to the Cimarron Unit and, similarly, that the Medical Staff in the Douglas Unit also will be able to confirm the same.

In all due respect, Original Records just do not get lost. The inability to "find" them is further confirmation of their destruction via Daryl Johnson to protect himself and others.

I await your response to the queries set forth herein and advise that I will not process this matter further, at this time, while I await your communication.

Very truly yours,

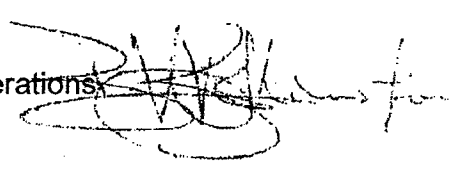

FREDERICK A. ROMERO

As discussed you are correct Legal Services; Monitor Legal Access Daryl Johnson and the Attorney General's Staff have personal issues with this inmate. Due to the issues the interest of the Department is compromised.

Inmate Tripati is allowed to keep his typewriter . The Department allows inmates to use typewriters if they have a medical need. Inmates are allowed use of computers for education.

Inmate is allowed to have his family purchase typewriter supplies; a replacement typewriter; ribbons and other legal supplies.

These items may be sent as legal mail.

This approval can only be overturned if the Director or I give a written directive.

The approval is valid for the duration of the inmate's confinement.

## MEMORANDUM

TO: Greg Fizer, Complex Warden, Tucson Complex

FROM: Daryl Johnson, Monitor, Legal Access

DATE: September 2<sup>nd</sup>, 2008

SUBJECT: Inmate Tripati # 102081

After Discussions with assistant Arizona Attorney General Paul Carter, Michael Brodsky and Kelley Morrissey, it is our conclusion that inmate Tripati must be barred from making copies of legal materials and from sending legal mail of any sort, unless he pays for these services in advance. Policies as related to these matters must be over looked entirely.

Inmate Tripati has challenged and consistently seeks to challenge the methods employed by ADOC and the Arizona Attorney General's Office in the matter of prisoner litigation. Neither the particular judges involved, nor the AG's staff for that matter, can tolerate his tactics.

He has established various websites, published books, and to Wit, has gained general public support for his cause. He is even seeking to impose international sanctions!

If we do not firewall this inmate and otherwise prevent him from gaining further inroads to progress, and if any judge gives him a hearing, the cost to the Department may indeed prove detrimental.

Judges in Phoenix and Florence will take no action. Your assistance in this matter will be duly rewarded.
